

Key Generation Event Record

| | |
|-----------|-----------------|
| Event # | 6 |
| Date/Time | 5-12-2012 10:07 |

Description

/media /KEY_GEN-LOG lost contact with USB port, causing a input/output error. Attempts to re-access failed.

Decided to drop USB hub and connect directly into laptop to retry from step 72

A new script log will be created named script-20121205-6.log

Step 115 will require printing two files

Step 117, second file digest
